State Of Iowa Sliver Header

For more info on Sliver please refer to gForge.

<https://forge.iowa.gov/gf/project/sliver/>

How to Implement the State of Iowa Sliver Header in an app/site:

The following are the lines you need to place in your "Head" section of your html depending on the environment you want to use.

- (New Production) `<script type="text/javascript" src="https://sliver.iowa.gov/sliver.js"></script>` (AWS - used by Drupal apps)
- (Old Production) `<script type="text/javascript" src="https://iowa.gov/sliver/sliver.js"></script>` (used by majority of apps)
- (Test) `<script type="text/javascript" src="https://sliver.iowatest.gov/sliver.js"></script>` (AWS - used by Drupal apps)
- (Dev) `<script type="text/javascript" src="https://dev-ociobroadband.iowa.gov/sliver/sliver.js"></script>` (only active during development)

Each environment has sample implementation you can see using the following URLs.

- (New Production)
 - <https://sliver.iowa.gov/index.php>
 - <https://sliver.iowa.gov/demo.php>
 - <https://sliver.iowa.gov/directions.php>
- (Old Production)
 - <https://iowa.gov/sliver/index.php>
 - <https://iowa.gov/sliver/demo.php>
 - <https://iowa.gov/sliver/directions.php>
- (Test)
 - <https://sliver.iowatest.gov/index.php>
 - <https://sliver.iowatest.gov/demo.php>
 - <https://sliver.iowatest.gov/directions.php>
- (Dev)
 - <https://dev-ociobroadband.iowa.gov/sliver/index.html>
